WHO AM I

Being a designer and animator is my passion. I love what I do for a living. I like the challenges and welcome opportunities to puzzle solve. I am well known for my tenacity to figure things out and meet the required deadlines.

I'm based in New York City and I am a proud graduate of the School of Visual Arts in NYC and I have over 10 years experience in the field of motion graphics. Most notably, I freelanced as a Designer/Animator with Patriot Act with Hassan Minhaj, Big Star, Mighty Oak Studio & Showtime. While working at Patriot Act with Hasan Minhaj, our team won an Emmy Award for Motion Graphics. I've also volunteered my animating skills for the Art Director's Club 50/50 Initiative and co-founded the Panimation NYC Chapter to promote, help and uplift under-represented voices within our Motion Graphics community.

To bring my creative vision alive, I use Adobe After Effects, Photoshop and Illustrator for most of my work. I am also versed in Cinema 4D. Besides the design programs, I can speak, read and write fluently in Spanish. I also love working in analog mode by building things from scratch and drawing.
